## Using Student Life and Enrollment RemoteApps

IT Student Life and Enrollment provides enterprise applications via a secure environment available to users remotely. You do not need to be on campus or the VPN to use these resources.

- 1. Navigate to <a href="https://remoteapps.studentlife.uconn.edu">https://remoteapps.studentlife.uconn.edu</a>
  - a. The first time you visit this URL you may be prompted for two-factor authentication

2.	Login UConn		with your NetID
		Domain\user name: uconn\kyc15001 🛛 😶	Credentials
	(must	Password:	include <b>"UConn\"</b> )
		Security Warning: By logging in to this web page, you confirm	
		that this computer complies with your organization's security policy.	
		Sign in	

After logging in you will be presented with applications you currently have access to.

3. Click on an application and a RDP file will be downloaded, click "Open"

RemoteApp and Desktops										
Current folder: /										
60	5	5	0	0	۲	<b>P</b>

- **5.** If this is the first time logging into the application, you will get an additional twofactor authentication request. *There will not be a pop-up on your screen, you need to look at Duo on your device.*
- 6. The application will launch and you can use it as you normally would.

If there are any issues or questions you can reach out to ITSLE at <u>it-sle@uconn.edu</u> to create a ticket.
